Resources  
Wales**

# Successes from January - March

## CORWEN COMMUNITY GARDEN

1

Busy bees have been tidying up Corwen Community Garden over winter and building new octagon raised beds. The volunteers also worked with the Nature For Health team to develop a recipe book based on what they had growing at the Community Garden! Yum!

## LOGGERHEADS PATHS

2

The paths at Loggerheads are being beautifully supported by our volunteers - cleft fencing, path edging, fence weaving and more! We are always thankful to all of you for your hours of hard work that you give so generously to help support the Country Park as well as the rest of the National Landscape.

## HEDGELAYING

3

Volunteers at Dol Llangar have worked over many sessions and in all weathers to successfully lay a beautiful traditional Welsh hedge. It looks fantastic and will act as a habitat connectivity structure as well as a sturdy boundary which can last for generations.
