Successes from April - June

LOGGERHEADS LAUNCH

1

The Loggerheads developments have finally come to an end! Thank you all for your help to get Loggerheads looking its best - fencing, clearing, path edging and steps (see below) and your general patience with the changes over the last year. We are super grateful for your extensive work and enthusiasm, Loggerheads would not be what it is without you!

LOGGERHEADS PATHS

2

Continued efforts by the Ranger team to ruin your restful retirement have been fruitful! This past few months volunteers have hauled logs, dug steps, processed timber, scraped bridges, fixed non-slip treads, hauled stone and so much more - all in aid of keeping the paths at Loggerheads Country Park in tip top condition and keeping you out of trouble. Thank you all!

CAER DREWYN EXCAVATION

3

A massive thank you to all the volunteers that came out to help with the excavation on Caer Drewyn with the Rangers and Heneb! We found lots of medieval pottery and possibly the foundations of a 12/13th century hut platform - something very uncommon in this part of the world!
